MCS-720B
Two-way Wireless Indoor Siren

Features that Make a Difference:

- Ideal for residential and light commercial applications including homes and apartments, vacant vacation houses and small stores
- Differentiated alarm sounds for intrusion and fire
- Easy, cabling-free installation
- No external power supply required
- Fully enclosed electronics area

Demand for indoor sirens is growing, fueled by the special security needs of large complexes and multistory buildings and by regulations prohibiting outdoor sirens. The MCS-720B two-way fully wireless indoor siren provides a flexible and cost-effective solution to these needs. Because it is fully supervised, the MCS-720B makes it possible to install the control panel where an intruder cannot see or reach it. With the siren producing all alerts, the control panel location remains secret.

Featuring an elegant, thin design, the MCS-720B indoor siren fits in unobtrusively with any décor. When activated, the siren sound is extremely strong, ensuring the alarm gets noticed.
**Specifications**

- Communication protocol: PowerCode
- Battery type: 3.6v non rechargeable Lithium battery
- Battery life expectancy: 3 years (with typical use)
- Sound output: 109dB@1m
- Operating frequency (MHz): 315, 433.92, 868.95, or other frequency as required in the country of use
- Receiver and transmitter ID type: 24-bit
- Flashing lights duration: 100ms ON, 900ms OFF
- Dimensions (H x W x D): 161 x 161 x 50mm (6-7/16 x 6-7/16 x 1-3/4in)
- Weight: 470g (16.5 oz.)
- Color: White
- Operating temperature: -10° - 60°C (14° - 140°F)
- Compliance: EN 50131-4 Type W, EN 50131-1 Security Grade 2 and Class II

**Ideal for a wide range of sites**
- Modern, thin-profile design fits any décor
- Ideal for use in large complexes and multi-story buildings - residential and light commercial

**Highly reliable and cost-effective**
- Two-way continuously supervised communication with the control panel
- Loud arming and disarming notifications
- 109dB piezo siren
- Built-in high-power strobe light (white)
