Home Security...and a Whole Lot More

With a simple push of a button, you can instantly access all your important devices from your remote control. Just imagine...being able to control your home's security from almost anywhere in the world.

What's more, if you're away and something goes wrong, you'll be instantly notified. And if needed, our team of technicians will be on their way. It's peace of mind at its best.

Advanced Household Management You Can Afford

Manage your home's energy consumption, keep track of your expenses, and save money. Our advanced household management system helps you do just that. It's a smart way to keep your household costs in check.

With our advanced system, you can set limits on energy use, monitor your expenses, and even adjust your home's settings remotely. It's a great way to save money and keep your household running smoothly.

Wireless Security You Can Count On

With so many advanced capabilities, it's easy to see why our security system is so popular. It's fast, easy to use, and reliable. Plus, our technicians are always there to help you get the most out of your system. It's a great way to keep your home safe and secure.

Advanced household management, energy consumption, and security are just a few of the features of our advanced system. It's a great way to keep your household running smoothly and your family safe.
PowerMaxx® - Under Control at Home and Away

Composite

Peace of Mind Wherever You Are

The PowerMaxx Home Security and Management System gives you the peace of mind that can be so difficult to find in today’s urban or suburban environment. "Peace of Mind" refers to being able to put the day’s worries behind you. Being able to be away from home without the constant fear that your home is being burglarized or your family is in danger. Being able to be in total control of your home.

When you’re buying for security, convenience, or freedom from concern, PowerMaxx delivers, with its advanced wireless security, fail-safe reliability, and total flexibility.

Visonic - Security Leader Over Three Decades

Visonic is a security business of Schmid Security, a global leader in security and management systems. From its foundation in 1975, the Visonic brand has been the leader in home security, utilizing advanced technology and engineering that are the highest in the industry.
