1. INTRODUCTION

The SR-740 PG2 is a fully wireless outdoor siren, designed for installation in areas in which wiring action is difficult or impossible.

The siren is compatible with PowerG control panels.

Features

- **Siren and strobe light activation:** When an identified event message is received from the compatible PowerG alarm system, the siren activates its sounder & strobe light.

  Notes:
  The sounder is activated for a predefined "Bell Time" (refer to the control panel Installer Guide), according to local authorities requirements, or until the system is disarmed, whichever occurs first.

  The strobe light operates as described in the PowerG Installer Guide.

- **Tamper indication:** In case of tamper while the system is armed, the siren transmits the message to the alarm system and then the alarm system determines whether the siren should be activated or not. If the siren does not receive an acknowledge message from the alarm system, the siren will function independently.

- **Low battery voltage alert:** When the battery voltage is low, a low battery message is sent to the alarm system. After the low voltage message delivery, at least 2 siren alarms are possible before the siren is totally inactive.

- **Power Supply:** Non-rechargeable battery.

- **Sound Types:** Burglar (between 1400Hz - 3200Hz), fire, gas(CO) and flood.

- **Entry/Exit:** Exit delay beeps sound once the user has armed the system. Entry delay beeps sound once the user has entered the protected area. (Entry/exit beeps can be enabled / disabled from the control panel Installer menu.)

- **Squawk indications:** Squawk (beep) sounds can be used to indicate alarm system arming (1 squawk) and disarming (2 squawks) by a keyfob (squawk can be enabled from the control panel User menu).

- **Strobe Light Color:** The siren can be purchased with red, blue, amber or transparent lens, according to the desired strobe light color.

- **Siren activity LED:** A flashing LED (optional, at the bottom of the siren front panel) indicates siren activity (can be disabled by the control panel)

- **Double Tamper protection:** When the siren front panel is removed or when the siren is removed from the wall, tamper alarm is sent to the alarm system.

  Important! The SR-740 PG2 siren must be installed on the wall in a vertical position with the screw pointing to the floor only, as illustrated in Figure 1b. The importance of correct positioning of the SR-740 PG2 is to enable the siren to function as a waterproof device.

- **2-way full supervision**

  The siren is fully supervised, 2-way communication device. It includes a receiver, to receive event messages from the alarm system, and a transmitter, to periodically transmit its status signal to the alarm system.

---

A. SR-740 PG2 can be recognized outwardly by its red screw cap.

B. Wall

Fig. 1a External View  Fig. 1b Mounting Position

**Self-test feature**

Upon pressing the self test switch, siren functional check is performed - low level sounds and flash light indicate that the siren is serviceable.
2. INSTALLATION

2.1. Installation

1. Open plastic cover screw.
2. Using Philips screwdriver, remove screw and remove cover.
3. Optional step: Hang back unit with a screw on mounting surface to make the next step (drilling marking) easier.
4. Mark for drilling.
5. Drill 5 holes.
6. Fasten with 5 screws.
7. Release catch (A) and open battery cover (B).
8. Connect the two connectors in their respective sockets.
9. Insert the battery and connect the battery connector.

Caution! Risk of explosion if battery is replaced by an incorrect type. Dispose of used battery according to manufacturer's instructions.

Figure 2: Installation

2.2. Enrollment

Refer to the PowerMaster panel's Installer's Guide and follow the procedure under the "02:ZONES/DEVICES" option of the Installer Menu. A general description of the procedure is provided in the following flow chart.

<table>
<thead>
<tr>
<th>Step 1</th>
<th>Step 2</th>
<th>Step 3</th>
<th>Step 4</th>
<th>Step 5</th>
</tr>
</thead>
<tbody>
<tr>
<td>Enter the Installer menu and select &quot;02:ZONES/DEVICES&quot;</td>
<td>Select &quot;ADD NEW DEVICE&quot; See Note 1</td>
<td>Enroll the device or enter the device ID</td>
<td>Select the desired siren number for the new siren</td>
<td>Configure Location and Zone Type Parameters</td>
</tr>
</tbody>
</table>

02:ZONES/DEVICES ⊳ ADD NEW DEVICES. ⊳ ENROLL NOW or ENTR ID:XXX-XXXX ⊳ SR1:Siren Outdoor ID No.410-XXXX ⊳ SR1:LOCATION SR1.ZONE TYPE SR1.SET CHIME

<table>
<thead>
<tr>
<th>Step 6</th>
<th>Step 7</th>
<th>Step 8</th>
<th>Notes:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Enter PARTITIONS. See Note 2</td>
<td>Assign partitions to the siren by pressing the 1, 2 and 3 buttons on the panel</td>
<td>Select the &quot;DEV SETTINGS&quot; option and refer to the section below to configure the siren parameters.</td>
<td>1. If the siren is already enrolled, you can configure the siren parameters and assign partitions via the &quot;Modify Devices&quot; option – see Step 2. 2. PARTITIONS will appear only if</td>
</tr>
</tbody>
</table>
PARTITIONING was previously enabled in a panel that supports the Partitioning feature (for further details, see "Partitioning" in the PowerMaster Installer Guide).

3. When there is an alarm, the siren will sound regardless of partition assignment.

2.3. Configuring the Siren Parameters

Enter the DEVICE SETTNGS menu and follow the configuration instructions for the SR-740 PG2 outdoor siren as described in the following table.

<table>
<thead>
<tr>
<th>Option</th>
<th>Configuration Instructions</th>
</tr>
</thead>
<tbody>
<tr>
<td>STROBE ALARM</td>
<td>Here you determine whether or not to activate the strobe alarm, and if activated, whether to activate the strobe until the alarm system is disarmed, or, for the programmed period of time (see &quot;Siren Configuration&quot; section in the control panel Installer Guide).</td>
</tr>
<tr>
<td></td>
<td>Optional settings: <strong>Timer limited</strong> (default), <strong>Disabled</strong> and <strong>Until Disarmed</strong></td>
</tr>
<tr>
<td>EXIT-ENTRY Beeps</td>
<td>Here you determine whether or not to activate the exit–entry beeps, and if enabled, whether to activate in HOME or AWAY mode.</td>
</tr>
<tr>
<td></td>
<td>Optional settings: <strong>Disabled</strong> (default), <strong>Disabled &amp; Home</strong> and <strong>Enabled</strong>.</td>
</tr>
<tr>
<td>SQUAWK</td>
<td>Here you determine whether or not to enable the squawk, and if enabled, whether to activate the sounder only, or, the sounder and strobe simultaneously.</td>
</tr>
<tr>
<td></td>
<td>Optional settings: <strong>Disabled</strong> (default), <strong>Sounder only</strong>, <strong>Strobe only</strong> and <strong>Sounder+strobe</strong>.</td>
</tr>
<tr>
<td>SOUNDER VOLUME</td>
<td>Here you determine the volume level of the sounder.</td>
</tr>
<tr>
<td></td>
<td>Optional settings: <strong>Volume HIGH</strong> (default), <strong>Volume LOW</strong> and <strong>Volume MID</strong>.</td>
</tr>
<tr>
<td>ACTIVITY LED</td>
<td>Here you determine whether or not the LED will be activated to indicate that the siren is operating.</td>
</tr>
<tr>
<td></td>
<td>Optional settings: <strong>Disabled</strong> (default) and <strong>Enabled</strong>.</td>
</tr>
<tr>
<td>AUTO TAMPER ALRM</td>
<td>Here you determine whether or not the siren alone will sound a tamper alarm when there is no communication between the siren and the control panel.</td>
</tr>
<tr>
<td></td>
<td>Optional settings: <strong>Disabled</strong> (default) and <strong>Enabled</strong>.</td>
</tr>
</tbody>
</table>

2.4. Local Diagnostics Test

Before testing, remove the plastic cover and then open the battery cover (see "Figure 2: Installation" on the previous page).

A. Press the self-test button once and release it; the following procedure should occur in turn:

   - The red LED will switch ON and then OFF, the green LED will switch ON and then OFF, the strobe light will switch ON and then OFF and the piezo siren will sound to indicate that the siren is now fully operational.

B. After 2 seconds the LED blinks 3 times.

The following table indicates received signal strength indication.

<table>
<thead>
<tr>
<th>LED response</th>
<th>Reception</th>
</tr>
</thead>
<tbody>
<tr>
<td>Green LED blinks</td>
<td>Strong</td>
</tr>
<tr>
<td>Orange LED blinks</td>
<td>Good</td>
</tr>
<tr>
<td>Red LED blinks</td>
<td>Poor</td>
</tr>
<tr>
<td>No blinks</td>
<td>No communication</td>
</tr>
</tbody>
</table>

**Important!** Reliable reception must be assured. Therefore, "poor" signal strength is not acceptable. If you receive a "poor" signal from the detector, re-locate it and re-test until a "good" or "strong" signal strength is received.

**Note:** For detailed Diagnostics Test instructions refer to the control panel Installer Guide.

**Note:** For UL/ULC installations, only **STRONG** signal levels are acceptable.

3. Compliance With Standards

The SR-740 PG2 complies with the following standards:

**Europe:** EN 300 220, EN 301489, EN 50130-4, EN 60950-1, EN 60950-22, EN 50130-5, EN 50131-4.

Hereby, Visonic Ltd. declares that the radio equipment type SR-740 PG2 is in compliance with Directive 2014/53/EU.

The full text of the EU declaration of conformity is available at the following internet address:

Certified by Applica Test & Certification AS in accordance with EN 50131-4, EN 50130-4, EN 50130-5. Security Grade 2 and Environmental Class IV.

EN 50131-1 Security Grade: According to EN 50131-1 this equipment can be applied in installed systems up to and including Security Grade 2.

EN 50131-1 Environmental Class: Class IV

UK: This product is suitable for use in systems installed to conform to PD6662:2010 at Grade 2 and environmental class 4. DD243 and BSR243

USA: FCC CFR47 Part 15; UL-UL 1023, UL 985

Canada: IC- RSS 210; ULC-ULC-C1023, ULC-S545

Warning! Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment.

The digital circuitry of this device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in residential installations. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio and television reception. However, there is no guarantee that interference will not occur in a particular installation. If this device does cause such interference, which can be verified by turning the device off and on, the user is encouraged to eliminate the interference by one or more of the following measures:

- Re-orient or re-locate the receiving antenna.
- Increase the distance between the device and the receiver.
- Connect the device to an outlet on a circuit different from the one which supplies power to the receiver.
- Consult the dealer or an experienced radio/TV technician

This equipment complies with FCC and IC RF radiation exposure limits set forth for an uncontrolled environment

This device complies with FCC Rules Part 15 and with Industry Canada licence-exempt RSS standard(s). Operation is subject to two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference that may be received or that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio RSS-210. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Warning! To comply with FCC and IC RF exposure compliance requirements, the repeater should be located in a distance of at least 20 cm from all persons during normal operation. The antennas used for this product must not be co-located or operated in conjunction with any other antenna or transmitter.

The PowerG peripheral devices have two-way communication functionality, providing additional benefits as described in the technical brochure. This functionality has not been tested to comply with the respective technical requirements and should therefore be considered outside the scope of the product’s certification.

---

4. SPECIFICATIONS

**Frequency Band (MHz):** Europe: 433, 868; USA: 915

**Maximum Tx Power:** 10 dBm @433 MHz, 14 dBm @ 868 MHz

**Modulation:** GFSK

**Antenna:** Built-in antenna

**Communication Protocol:** PowerG

**Current consumption:**

- Quiescent mode: 50μA
- Alarm sound operated: 430mA

**Siren Type:**

- At least 85 dBA at 10 ft (3 m)
- Sound Pressure Level @ 1m, 1.4-3.2 kHz, sweep frequency 7 Hz
- Additional piezo is optional.

**Battery Type:** Four 3.6V/3.5A/H Lithium independent cells (EVE ER18505M) assembled in two plastic wrappings and connected to the cable adaptor (see Figure 2). Visonic assembly catalog no. 103-304742.

**Note:** Use only the above battery.

**Note:** The strobe flashes 5 times and the red LED lights continuously during first battery installation.

**Battery Life Expectancy:** 8 years (for typical use, not verified by UL/ULC)

**Low Battery Threshold:** 2 V +300 mV negative slope OR 1.2 V

**Strobe Light:** Pulsed @ 1 sec.

**Operating Temperature:** -33°C to 70°C (-27.4°F to 158°F), RH
**Power Supply**: Type C humidity 93% (UL/ULC only verified up to a maximum of 85% RH).

**Dimensions (LxWxD)**: 295x186x63mm (11-5/8 x 7-5/16 x 2-1/2 in)

**Weight (including battery)**: 970g (34 oz)

**Color**: White (with red, blue, amber or transparent lens)

---

**WARRANTY**

Visonic Limited (the "Manufacturer") warrants this product only (the "Product") to the original purchaser only (the "Purchaser") against defective workmanship and materials under normal use of the Product for a period of twelve (12) months from the date of shipment by the Manufacturer.

This Warranty is absolutely conditional upon the Product having been properly installed, maintained and operated under conditions of normal use in accordance with the Manufacturers recommended installation and operation instructions. Products which have become defective for any other reason, according to the Manufacturers discretion, such as improper installation, failure to follow recommended installation and operational instructions, neglect, willful damage, misuse or vandalism, accidental damage, alteration or tampering, or repair by anyone other than the manufacturer, are not covered by this Warranty.

There is absolutely no warranty on software, and all software products are sold as a user license under the terms of the software license agreement included with such Product.

The Manufacturer does not represent that this Product may not be compromised and/or circumvented or that the Product will prevent any death and/or personal injury and/or damage to property resulting from burglary, robbery, fire or otherwise, or that the Product will in all cases provide adequate warning or protection. The Product, properly installed and maintained, only reduces the risk of such events without warning and it is not a guarantee or insurance that such events will not occur.

**Conditions to Void Warranty**: This warranty applies only to defects in parts and workmanship relating to normal use of the Products. It does not cover:

- damage incurred in shipping or handling;
- damage caused by disaster such as fire, flood, wind, earthquake or lightning;
- damage due to causes beyond the control of the Seller such as excessive voltage, mechanical shock or water damage;
- damage caused by unauthorized attachment, alterations, modifications or foreign objects being used with or in conjunction with the Products;
- damage caused by peripherals (unless such peripherals were supplied by the Seller);
- defects caused by failure to provide a suitable installation environment for the products;
- damage caused by use of the Products for purposes other than those for which they were designed;
- damage from improper maintenance;
- damage arising out of any other abuse, mishandling or improper application of the Products.

**Items Not Covered by Warranty**: In addition to the items which void the Warranty, the following items shall not be covered by Warranty: (i) freight cost to the repair centre; (ii) customs fees, taxes, or VAT that may be due; (iii) Products which are not identified with the Seller's product label and lot number or serial number; (iv) Products disassembled or repaired in such a manner as to adversely affect performance or prevent adequate inspection or testing to verify any warranty claim. Access cards or tags returned for replacement under warranty will be credited or replaced at the Seller's option.

THIS WARRANTY IS EXCLUSIVE AND EXPRESSLY IN LIEU OF ALL OTHER WARRANTIES, OBLIGATIONS OR LIABILITIES, WHETHER WRITTEN, ORAL, EXPRESS OR IMPLIED, INCLUDING ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR OTHERWISE. IN NO CASE SHALL THE MANUFACTURER BE LIABLE TO ANYONE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES FOR BREACH OF THIS WARRANTY OR ANY OTHER WARRANTIES WHATSOEVER, AS AFORESAID.

THE MANUFACTURER SHALL IN NO EVENT BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES OR FOR LOSS, DAMAGE, OR EXPENSE, INCLUDING LOSS OF USE, PROFITS, REVENUE, OR GOODWILL, DIRECTLY OR INDIRECTLY ARISING FROM PURCHASER'S USE OR INABILITY TO USE THE PRODUCT, OR FOR LOSS OR DESTRUCTION OF OTHER PROPERTY OR FROM ANY OTHER CAUSE, EVEN IF MANUFACTURER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.

THE MANUFACTURER SHALL HAVE NO LIABILITY FOR ANY DEATH, PERSONAL AND/OR BODILY INJURY AND/OR DAMAGE TO PROPERTY OR OTHER LOSS WHETHER DIRECT, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR OTHERWISE, BASED ON A CLAIM THAT THE PRODUCT FAILED TO FUNCTION. HOWEVER, IF THE MANUFACTURER IS HELD LIABLE, WHETHER DIRECTLY OR INDIRECTLY, FOR ANY LOSS OR DAMAGE ARISING UNDER THIS LIMITED WARRANTY, THE MANUFACTURER'S MAXIMUM LIABILITY (IF ANY) SHALL NOT IN ANY CASE EXCEED THE PURCHASE PRICE OF THE PRODUCT INVOLVED, WHICH SHALL BE FIXED AS LIQUIDATED DAMAGES AND NOT AS A PENALTY, AND SHALL BE THE COMPLETE AND EXCLUSIVE REMEDY AGAINST THE MANUFACTURER. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THESE LIMITATIONS MAY NOT APPLY UNDER CERTAIN CIRCUMSTANCES.
When accepting the delivery of the Product, the Purchaser agrees to the said conditions of sale and warranty and he recognizes having been informed of.

The Manufacturer shall be under no liability whatsoever arising out of the corruption and/or malfunctioning of any telecommunication or electronic equipment or any programs.

The Manufacturers obligations under this Warranty are limited solely to repair and/or replace at the Manufacturer’s discretion any Product or part thereof that may prove defective. Any repair and/or replacement shall not extend the original Warranty period. The Manufacturer shall not be responsible for dismantling and/or reinstallation costs. To exercise this Warranty the Product must be returned to the Manufacturer freight pre-paid and insured. All freight and insurance costs are the responsibility of the Purchaser and are not included in this Warranty.

This warranty shall not be modified, varied or extended, and the Manufacturer does not authorize any person to act on its behalf in the modification, variation or extension of this warranty. This warranty shall apply to the Product only. All products, accessories or attachments of others used in conjunction with the Product, including batteries, shall be covered solely by their own warranty, if any. The Manufacturer shall not be liable for any damage or loss whatsoever, whether directly, indirectly, incidentally, consequentially or otherwise, caused by the malfunction of the Product due to products, accessories, or attachments of others, including batteries, used in conjunction with the Products. This Warranty is exclusive to the original Purchaser and is not assignable.

This Warranty is in addition to and does not affect your legal rights. Any provision in this warranty which is contrary to the Law in the state or country were the Product is supplied shall not apply.

**Governing Law:** This disclaimer of warranties and limited warranty are governed by the domestic laws of Israel.

**Warning**

The user must follow the Manufacturer’s installation and operational instructions including testing the Product and its whole system at least once a week and to take all necessary precautions for his/her safety and the protection of his/her property.

* In case of a conflict, contradiction or interpretation between the English version of the warranty and other versions, the English version shall prevail.
