## **Visonic's PowerG Technology Wins MTP Gold Medal at Securex 2012**

**Tel Aviv, Israel – April 26, 2012** – Visonic, a brand of Tyco Security Products, and a leading developer and manufacturer of cutting-edge home security and safety systems and components, today announced it is the proud winner of an MTP Gold Medal, presented at the Securex 2012 exhibition this week. The award was won by [Visonic's PowerG technology](#) which powers Visonic's most advanced wireless alarm system.

PowerG is Visonic's patent-pending, revolutionary wireless technology for burglar alarm systems. It redefines the reliability of wireless intrusion alarms and fully answers the most demanding needs and requirements facing the security industry. PowerG-enabled intrusion alarm systems offer numerous unique benefits, including: strength and reliability that is close to wired systems; a green, energy-saving operation; long transmission range suitable for large premises; and support for advanced applications such as visual alarm verification.

"We are very proud to win this MTP Gold Medal at Securex," said Artur Stepowski, Regional Sales Director, at Tyco Security Products. "This award is yet another confirmation of the groundbreaking innovation and outstanding advantages that PowerG technology brings to wireless security."

The MTP Gold Medal is one of the most prestigious awards in the Polish security market. It recognizes the highest quality and innovative security products and technologies, as selected by a jury of experts from throughout the security sector.

### **About Visonic**

Visonic, a brand of Tyco Security Products, is a leading developer and manufacturer of cutting-edge home security systems and components that provide people around the world peace of mind and safety in their homes. Building on its decades-long position at the forefront of home security innovation, Visonic is today leading the drive to expand the boundaries of security, offering advanced solutions to the full range of residential safety needs, from securing the house and contents to safeguarding the health and comfort of the people who live there.
