**Visonic's PowerMax® Pro gains AFNOR (Association Francaise de Normalisation) NF et A2P certification for security products**

Tel-Aviv, December 1<sup>st</sup>, 2010 – Visonic Ltd., a leading developer and manufacturer of wireless home security and safety systems and components, today announced that its flagship wireless home security control panel, PowerMax®Pro, has received NF et A2P certification. NF et A2P are jointly granted by AFNOR (Association Francaise de Normalisation) and CNPP, industrial product certification organizations accredited to the French Committee of Accreditation. It is recognized worldwide as a standard for anti-intrusion security.

NF et A2P, represented by the branded logo shown above, is an official label that certifies that the PowerMaxPro:

- Conforms to French standards and is manufactured in factories inspected annually by AFNOR and/or CNPP.
- Delivers a high standard of quality as verified by the CNPP laboratory, and meets the most stringent rules for security against intrusion.
- Provides high-quality, reliable intrusion protection that it is virtually unbeatable.

Furthermore, because NF et A2P assure effective protection against intrusion, this certification enables insurance professionals to confidently insure customers that have PowerMaxPro installed in their home.

"The Visonic NF et A2P certifications are very significant to ADI", states Karim Aouchiche, Intruder Product Manager at ADI France, "These certificates ease any regulatory issues as security and intrusion technologies continue to evolve. It assures our customers that we are representing the best available products in the intrusion industry. And, NF et A2P certifications give Visonic yet another significant edge over their competitors."

The Visonic products that were granted the NF et A2P are available in ADI GLOBAL DISTRIBUTION France branches. –
