Visonic

Visonic signs agreement with Ascom

Visonic (LSE: VSC.L; TASE: VSC.TA), the international developer and manufacturer of electronic security systems (alarms) and home management systems, is pleased to announce its fully owned subsidiary, Visonic Technologies (“VT”), has signed a technology development agreement with Ascom (Sweden) AB, (“Ascom”), a global leader in on-site wireless solutions for mission-critical communications in healthcare, industry, secure establishments, hotel and retail.

VT will supply Ascom with its Elpas RTLS and Active RFID hospital-enabled products from its range of location tracking systems for integration into Ascom’s next-generation Wireless Nurse Call solution. VT’s innovative tracking and identification technology provides an effective and secure means of protecting the vulnerable in institutional environments.

Commenting, Dr Avi Shachrai, CEO and President of Visonic, said:

“We are extremely pleased to have reached this development accord with Ascom. The integration of VT’s unique location tracking technology with Ascom’s market leading position in healthcare communications systems will result in material benefits to those involved in providing institutional support for the elderly and to the quality of life of the residents in their care.”

Commenting, Mr. Jan van Havenbergh, Product Line Manager, Healthcare Ascom (Sweden) AB said:

“This contract is an important step in our solutions development program for the healthcare market. We believe that establishing this partnership with Visonic Technologies will enable us to enhance our current product offerings with advanced positioning RFID technology. Through this approach Ascom will be better equipped to offer customers comprehensive tools for improving resident care and for increasing time and cost efficiency as well as quality of service.”

- ENDS -
